News Briefs

MOTORISTS BEWARE

Bay St. Louis will begin radar checks on speeding, particularly in the newly annexed area, Police Chief Lonnie Gariga said yesterday. He is borrowing the set from Gulfport because of the volume of complaints. Vans also are going to be stopped from using the beachroad, he said.

HMC SCHOOL CHIEFS

J.C. Harrell has been re-appointed high school principal and Mrs. Earl Ramond, appointed elementary principal to round out top administration jobs at Hancock North Central School, according to Robert F. Lodner, county superintendent.

ON RETARDED CHILDREN

Persons interested in working with retarded children in the coming school year are being asked to attend a meeting of the Hancock Area, for Retarded Children at 7:30 p.m. Friday in the quarters at the Clarendon-Lakeshore Youth Center.

WORK ON DIRECTORY

James R. Lam of R.L. Polk and Co. is in the area collecting for the 1968 city directory of Bay St. Louis and Waveland.

FOOTBALL SESSION

All Bay Senior High boys wishing to play football this year are invited to a team meeting at 7 p.m. Monday in the school's gymnasium, to be conducted by coach Lance Lumpkin and assistant coach J.E. Lofcano.

STAND-IN FOR MISS HOSPITALITY - Dale Russell of Bay St. Louis, who was chosen first alternate Mississippi Miss Hospitality of 1967 at contest at Biloxi last weekend, plays couquette from fellow contestants, items made in Mississippi. Hancock County will honor its Miss Hospitality at reception starting at 8 p.m. next Thursday at Bay-Waveland Yacht Club with Chamber of Commerce in charge. (See story Page 3-A.)

Move 3 precincts for heavy voting

Change in location of three voting precincts, for next Tuesday's primary recommended by the county Democratic executive committee and the election commission because of the record voter registration, was

authorized by the board of supervisors Monday. A fourth was denied.

Changed are the polling places for Pearlington, Waveland and South Bay.

Pearlington, where three separate boxes have been created to speed voting for the 738 on the qualified elector list, will ballot at Charles B. Murphy School.

Waveland, biggest precinct in Hancock County, will vote at Waveland School. Four boxes have been set up there for the 1,311 people on the rolls.

South Bay, second largest precinct, will vote at Christ Episcopal Day School, also with four boxes.

Beat 3 Supervisor Charles Lovingshouse objected to the recommendation transferring the Standard precinct from the neighborhood store to Hancock North Central School. He said the store was adequate and refreshment available for the two boxes established to handle that precinct's 336 qualified voters. So Standard voters where it did last time.

The Democratic committee, acting on the advice of the supervisors to split the big precinct, had established 41 boxes in the county's 21 precincts to speed counting of the ballots when the polls close at 6 p.m. next Tuesday. Leo W. Seal, Jr., commission secretary, said he hoped with the election managers organized and the breakdown of large precincts the unofficial returns will be complete about midnight.

Election tally due by Javies

Bay St. Louis Javies will open their election headquarters in the Javies Building on North Beach at 8 p.m. Tuesday to accept the results of the county's first Democratic primary.

Bobby Benbow, chairman for the precinct, said here, most of them equipped with two-way radios, will be keeping all of the county's 21 precincts in report in as various times as

Tap Landry as successor

Donald Landry, Town of Waveland appointee, is the new president of the Hancock County Port and Harbor Commission. He succeeds Dr. Andrew K. Martinovich, Jr., who was elected to the position following the 1965 resignation of H.H. Shattuck.

Commissioner John Scaffide, who also is mayor of Bay St. Louis, called for the election Thursday and asked that the new officers finish out the unexpired term of the present year. He said he had been unsuccessful in his attempts to keep politics out of the commission. State law elections shall be held every year but officers shall serve until they are succeeded.

Others named Thursday were Elliot Casanova, vice-president; Otto Reister, re-elected secretary, and Edward Schambach, treasurer.

Landry was nominated by Scaffide, Casanova by Landry, Reister by Casanova and Schambach by Landry. All nominations were unopposed and elections was by acclamation.

Hot on the heels of the election, Scaffide called for the resignation of Norton Haas, recording secretary and clerk.

In his motion Scaffide said, "In my opinion it will be in the best interests of this commission that the commission discontinue with the services of Norton Haas as recording secretary and clerk effective at the first meeting of August (Aug. 10) and be it further resolved he be tendered a letter of appreciation for his dedicated service to the Port and Harbor Commission during the past several years."

Scaffide, Landry, Casanova and Schambach voted for the move while Dr. Martinovich and Reister dissented.

Reister attempted to stay the election, pointing out that it may be ill advised with the county primaries coming up next month. He said criticism may be directed at the board.

"I am not objecting, but with an election coming up don't you think we would be better putting it off until after then," he asked.

Scaffide disagreed, saying he couldn't see how one would have any bearing on the other.

The commission is composed of seven members. One is appointed by the supervisor of each beat and one each by the Town of Waveland and the City of Bay St. Louis, the latter two requiring confirmation by the governor.

Reister then stated he felt

such action should be taken by a full commission, noting Commissioner Claude Graham was absent. The Bay commissioner responded that enough members were present for a quorum and that was all that was required.

Scaffide hinted at further changes by saying he intended to advance several points for the consideration of the new administration. "I do not care to discuss them tonight," he said.

In discussion preceding Haas' dismissal, Casanova suggested Haas might be tired of

Humbird christened new bridge

The longest pre-stressed concrete bridge in the world, across the Bay of St. Louis, opened for traffic at 9:01 a.m. yesterday.

First train across was the Louisville and Nashville Railroad's eastbound passenger train, the Humming Bird. During its passage a car filled with engineers and railroad officials paced the passenger train on the old trestle bridge.

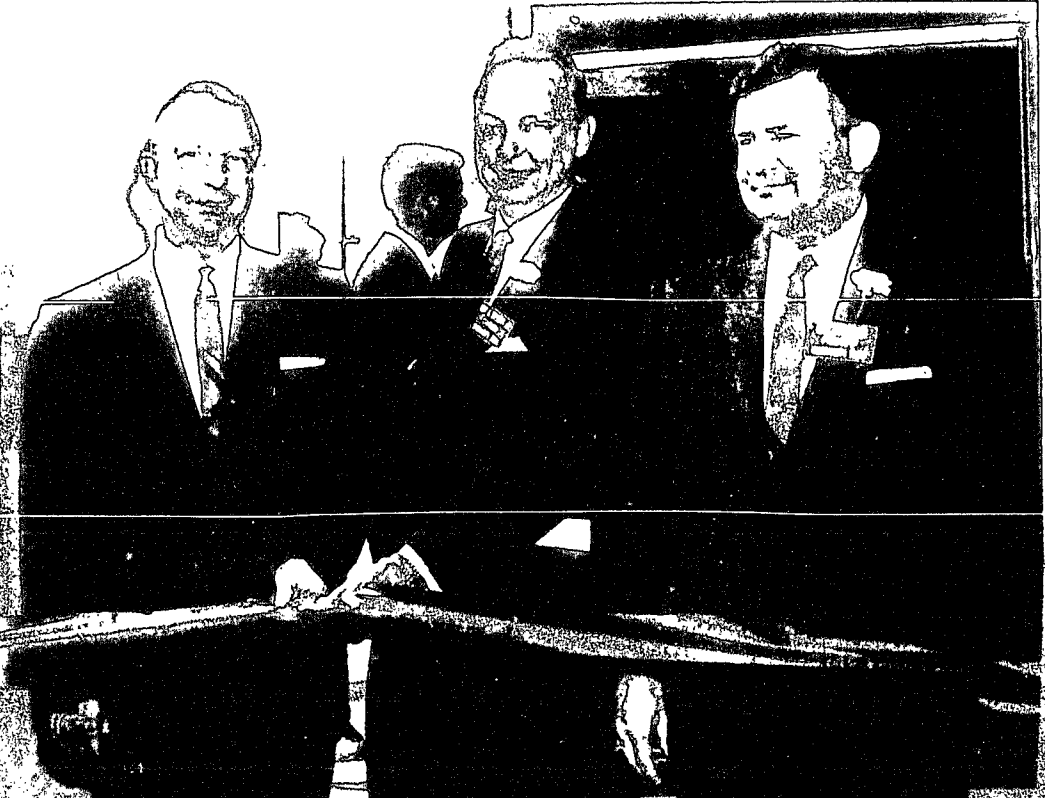

As soon as the crossing was completed, crews moved in and started tearing up track on the old trestle and demolishing it to make way for the new structure's swing span. The channel was again open for water navigation first thing this morning.

Track crews will now rip out all rail on the old bridge and main line right back to Second Street. Then they will take out the present passing track between Beach and Second.

Beach Boulevard will be taped off from the new crossing towards Main, and hard surfaced, after which a new system of track drains will be installed in the Beach to Second area.

When all this is completed the passing track will be re-laid.

Bridge construction personnel now become bridge destruction personnel and they will tear down the old trestle from the present navigational gap back to Bay St. Louis. When this is done they will remove the old span and the Henderson Point, Pass Christian side of the structure.

Jourdan bridge bids called for I-10 job

Construction contracts for Interstate 10 along the Mississippi Gulf Coast are expected to be in effect between Bay St. Louis and Gulfport by the end of 1967, Highway Commissioner John D. Smith for the southern district said this week.

His report on construction status on the new superhighway came on the heels of an announcement that bids on a one-

Waveland splits on Mrs. Landry's job

Waveland Town Council Tuesday night voted 2 to 1 to employ Mrs. Donald Landry as civil defense clerk. Her pay was set at \$100 per month, half of it coming from the federal government.

The action was taken on the recommendation of Alderman John Longo, who is also the town's Civil Defense director, and was sharply opposed by Al-

Bond bid low on Beat 4 re-sealing job

Low bid of Bond Paving Co., Inc., of Hattiesburg for re-sealing a 2.65 mile stretch on the old Kila-Picayune Highway in Beat 4 was accepted by the board of supervisors Monday.

Bond bid \$6,330. B.L. Broome, district state aid engineer for the highway department, said that price was within 6.5 per cent of the department's estimate of \$5,935 on the job as it was accepted with-out delay. Work is to be completed within 30 days, it is a federal and state aid secondary road project.

dorman Dominick Sauter who contended that he knew of nothing the town had ever received through Civil Defense.

In Longo's view, the council's primary function was to protect the lives and property of its residents and there was too much paper work involved in Civil Defense to count on volunteer labor, the federal aid and state CD wanted the town to have a CD clerk.

Alderman Albert Green seconded Longo's motion for the civil defense clerk stating he wanted Civil Defense and vice continued "because the people want it."

M.L. Hill and Leta Corneo, residents of the area recently annexed by Waveland, appeared before the council to ask in which ward or wards the recently annexed area would be placed for improved lighting in their area, and vice versa they request to vote in Waveland. Their request for street lighting at Arnold Road and Old Spanish Trail, along with two others, were placed on the list for now correct light to be put up when funds are available and order on engineering study in made of the area.

Merchants peaks in 1st day deposits

Merchants Bank and Trust Co. of Bay St. Louis opened its new branch in Gulfport on Friday and broke a record for deposits with a total of \$2,730,277.54 worth of deposits on opening day.

More than 4,000 persons attended the gala opening and many watched the ribbon cutting ceremonies conducted by Guy Ellipse, Jr., chairman of the bank's board of directors. Don Hamilton, president and chief executive officer, and M. James Stevens, president, Gulfport Area Chamber of Commerce,

Although the new branch is in a more densely populated area, Richard Mathews, controller and vice president at Bay St. Louis, observed that the bank's main office location was unchanged.

He said Tuesday that the headquarters and department and the who will remain at Bay St. Louis but that bank officers will split their time between the Bay and the new office in Gulfport. Other vice presidents remaining full time at the Bay are Henry Mead and Bill Bro-

CHRISTENING A-1 STAND - Third flight version of second stage (S-II) rocket of Saturn V space vehicle is lifted into new A-1 test stand at Mississippi Test Facility. This marks first time A-1 stand has been used to static fire second stage rocket. Previous flight versions of North American built S-II were static fired in the A-2 test stand. Following scheduled static firing of the S-II-3 in early September, both second stage test stands, A-1 and A-2, will be available for use in testing remaining 12 second stage rockets to be tested at MTF.

St. Clare's fair starts

Eighteen hundred dollars worth of door prizes will be given away this weekend at the St. Clare's Church Fair, Waveland.

Henry L. Develle is general chairman of the event assisted by James A. Lagasce, advertising; John Auderer, fish fry; and Sterling Balaski, booth chairman.

Starting with a gigantic fish fry Friday the fair will begin at 5 p.m. on both Saturday and Sunday.

The fish fry, also to begin at 5 p.m., will be followed by a social at 7 p.m., both in the parish hall. Persons living in the Waveland area may have their fish orders delivered by calling 467-0308.

Develle said that along with all the usual hot dog, hamburger and beverage type refreshments come of the booths to be operated include cake, doll, peppermint, dart, fish pond, country store, bean bag, baseball and ping pong.

SOLD ON SERVICE - Mr. Gerald Lachner of Gulfport bought from Gerry Lane Chevrolet because he heard from his friends about the great service there.

My automotive needs are few. I want a car that looks good, operates economically, and is dependable. The most important thing with today's cars is finding a dealer that will service what he sells. This is true with cars, everything you buy now-a-days. When I started looking for a new car with one up-coming in my mind. A friend of mine told me that Gerry Lane Chevrolet and Herb Boren. He bought his car from Herb and the service has been excellent. I changed one other dealer, but Gerry Lane Chevrolet had the things I wanted - service, excellent salesman, the automobile, and I bought from them.

KKK mum on reply to poll

"The Klan does not back any individual candidate but will make its questionnaire findings known to member organizations."

This was the word yesterday from Paul Newman, Klansman, Old Original Ku Klux Klan, when asked about the results of an 11 point questionnaire circulated by his group, last week, on county political position hopefuls.

Louis M. Salvo, Waveland, United Klans of America, said about half the politicians returned the questionnaire and tabulation of results will be circulated only to members.

The letters and questionnaires were reported as being part of a nation-wide drive being conducted by right wing groups.

Newman said the organizations all have the same political viewpoint and the purpose of the questionnaire was to identify those candidates supporting this point of view.

"There is no hatred here. We want to try to go ahead and vote candidates into office who will do the best good for their country, state and county," Klansman said.

He added, "Our aim is to keep the federal government's fingers out of our county government."

"The thinking people in Hancock County are organized into different groups and they are pooling their political efforts to help insure good government and good law enforcement within the county."

Involved in promulgation of materials are the United Klans of America; Universal Ku Klux Klan; Old Original Ku Klux Klan; Patriots, Inc., and the Hancock County Citizens Council.

Klansman said that while covering letters may vary a little, as each group put out its own, the questions asked of candidates were those issued by the Hancock County Citizens Council.

He called the questions straight forward and said they could be answered with a simple yes or no. "We assume that a candidate who fails to reply either opposes constitutional government or does not wish to take a stand," said the covering letter signed by Newman.

After asking whether or not the individual candidate favors greater interference from Washington into state government, the questionnaire calls for opinions on street riots and demonstrations; integration; presence of federal voting registrars in the state; voter registration qualifications; federal control of public schools; school attendance requirements; establishment of private schools; tuition grants; property control within limits of state and local laws; and support of conservative organizations.

serving and like to rest before the vote.

Haas responded that he had tried to do a good job and called for the full expression of the commission.

Scaffie, speaking ahead of his motion, said the recording secretary was serving at the will of the board and he did not think it fair to take a man away from his own work to do the job. Haas has served the commission faithfully and diligently for a long time, most of it without pay, and was recently put on the payroll at a nominal sum, Scaffie added.

Haas, on a motion by Scaffie, was granted a \$50 a month stipend for his services as recording secretary last April 27.

tabulated. The Joyce scoreboard will be tied in with WLOX-TV in Biloxi for state-wide reporting and has arranged with Thigpen's more at Picoyne for reports on the state senate and house races which embrace Pearl River and Stone Counties as well as Hancock.

Election reporters already assigned include Norton Haas, Jr., for Fenton and Kline; Gene Cuevas for Carthage and Edwardsville; Joe Keweenaw for North Bay; Mike Haas for City Hall and the Courthouse, and Charles Carter, Jr., for Waveland.

Volunteers to help check the color precincts should phone Scaffie at either 467-4739 or the text office, 609-2100.

The Joyce refreshment stand will be open Tuesday evening and arrangements have been made to stay with the election until all races are counted. This will be the third major election the Joyce have covered.

NOTICE to the PUBLIC

On June 10, 1966 the City of Bay St. Louis adopted a compelling ordinance which was a condition and requirement of the Bond Indenture making it mandatory that upon completion and acceptance of the Sanitary Sewage Collection System that all residences and businesses where the sewage service is available at the property line must tie into the System within six (6) months.

Notice is hereby given that the six (6) months period for tying into the System began on March 1st and expires on September 1st 1967.

The Commission Council urges the cooperation of all residents to avail themselves of this Sanitary Sewage Collection System as soon as possible.

Realty, Traps clash in play-off for title

Local softball fans will be treated to a battle of the giants when Southern Realty and Traps' Knock-Knock square off for the play-off championship of the Bay Area Softball League.

Action in the best two out of three series was slated to commence Wednesday night under the lights at Municipal Park and the pair will probably play again Friday and Monday if necessary.

The regular season ended with Southern Realty on top, boasting a 13-2 win-loss record, followed by Chateau, 10-4, and Traps, 9-3. In earlier play-offs Southern won two in a row but Chateau and Traps each won one and lost one. Monday Traps defeated Chateau, earning the privilege of playing Southern for the championship.

Southern Realty, sponsored by Bill Johnston, and managed by John J. Adwell, has co-winners in the league seven years, although no official record is available; they claim to have won either the regular season title, the play-off title, or both each year during the last seven years.

City approves
\$32,192 pact
on pumper

Its commission council has approved a \$32,192 contract Monday to Mosco Equipment Co. of Hattiesburg, La., to buy one new 1,000 gallon per minute pumping apparatus.

The purchase is on a rental-purchase basis; the city is to pay \$1,000 down, when the truck arrives next week, and the balance of \$4,500 on Oct. 15, 1967, and \$6,692 each Oct. 15 until 1971.

Upon arrival the truck will be tested at full load for a period of three hours before being certified for services by the State Fire Rating Bureau.

Demolition has started on the old Pollack service station next to Casanova's Auto Parts on Beach Boulevard. Floyd Page has the contract for this part of the work at no cost to the city. Conversion to a parking lot will begin as soon as property removal is completed.

Delinquent sales taxes are in final stages of computation and the sale is set for Sept. 18. Advertising will commence Aug. 24.

Craftsmanship van due
at test site Aug. 7-11

Employees, their families and community neighbors will have an opportunity to see the Manned Flight Awareness van when it visits Mississippi Test Facility Aug. 7-11. The "Craftsmanship" van will be located outside the Central Control Building during its stay.

This year the Redwings have a 35-5 record, winning 19 and losing 2 during the season, including 2 in the playoffs, losing once, and winning 4 out of 5 tournaments.

Traps claim to be the only remaining member of the original Bay St. Louis Softball League and they have won four regular season championships and two play-offs in nine years. They also claim to be the only team ever to go undefeated during a season, 1960, with 14 wins. Another year they had 13 wins and no losses but in the last inning of the last game with two out W.J. Cameron slammed a homer that beat the Traps and they wound up 13-1. During

this nine-year stretch Junior Gaffrey was player or manager while Henry Monti, Jr., and Clayton Adams have starred each season.

Monday, Traps tripped Chateau 10-4 with Gus Alme getting the win and Ronnie Farroll the loss. Both teams scored twice in the first inning but Chateau was only able to pick up another pair in the fifth while the Traps got 2 in the third, 3 in the fifth and 3 in the sixth.

For the winners Duane Rhodes and Almea were 2 for 3; Jerry Seuzeneau, Nodie Ladner and Vernon Bermond, 2-4. For the losers Donald Strong got 2-3, Billy Scarborough and Boogie Dean, 2-4.

Hawk gridders report Aug. 9

First call for football players at Hancock North Central was issued this week by new head mentor Pat Morris who replaced F. Lee Lee. Lee will devote full time to school administration and teaching duties.

All boys interested in trying out for the Hawk football squad should report to the school for physical examination at 4 p.m. next Wednesday, Morris said.

Morris is a native of Poplarville where he received his early schooling and football training. He is a graduate of the University of Southern Mississippi and last year was head football coach at Piquette Junior High. In 1964-65 he was varsity backfield coach at McGill Institute, Mobile, Ala. He has been married one year to the former Sherry Smith, also of Poplarville.

Returning as assistant football coach will be Paul Thomas. Thomas will also serve as girls' basketball coach and was recently chosen conference coach of the year in that position.

Also new in the athletic department is Alton Walkman who will coach junior high football and basketball. A native of Hattiesburg, Walkman graduated this year from Southern Miss.

Morris said it is too early in the season to report on the

football squad but he expects at least 12 lettermen to report for spring training.

Season's schedule is:
Sept. 8, Sunnyside, home; 15, Ocean Springs, home; 22, at Stone; 29, Bay High, home; Oct. 6, at Long Beach; 13, Harrison Central, home; 20, Pass Christian, homecoming; 27, at Vancleave; Nov. 3, open; 10, St. Martin, home; 17, at Pearl River Central.

WAVELAND...
(Cont. from Page 1-A.)

Jr., advised they could register to vote now and the general requirement was that one must be registered at least four months before any general or special election. He said that until a new town map, already ordered by Waveland, was prepared the council could not give even an informed guess to how the municipality would be re-districted.

In another action council accepted the bid by Emery Equipment Co., of Baton Rouge, of \$5,904.76 for a new trenching machine with attachments.

The next regular meeting of the mayor and board of aldermen is scheduled for Aug. 16.

Other bidding was by Barb Construction Co. at \$4,715 and Mac-Lou Asphalt Co. at \$4,615. When the job was advertised a few months ago, Barb's low bid was rejected because it was over \$9,000—way over the estimate.

Supervisors also authorized advertising for a typewriter and copying machine for the Hancock County Chamber of Commerce office at the request of Mrs. Frank Kites, county treasurer. WORK IN PROGRESS - Port of cleared area on Interstate 10 in Hancock County. Construction is now in progress by T.L. James, Inc. of Russia, La.

Ask Stennis aid on runway length talk

Still plagued with runway
length problems as the pro-

posed county airport, Hancock
Port and Harbor commission-
ers last Thursday voted to ask
Senator John C. Stennis to ar-
range a meeting of all interest-
ed parties in Washington, D.C.
Commissioner John Scalfie
called for the move as a pos-
sible breakthrough in seemingly
stalled negotiations.

Others to be invited are
Senator James O. Eastland,
Congressman William M. Col-
mar, officials from the National
Aeronautics and Space Ad-
ministration, Federal Aviation
Agency, Civil Aeronautics
Board, General Electric Co.,
North American Aviation, Boe-
ing Co., and such other govern-
ment or private persons in-
terested in the airport's con-
struction.

The move came after com-
missioners received copies of a
letter dated July 12 from James
G. Rogers, director, FAA, Sou-
thern Region, Atlanta, Ga., to
C.A. Moore, director, MAC,
drying a hearing on runway
length.

Moore had asked for a hear-
ing in an attempt to get FAA
authorization to increase the
runway length to 6,500 feet to
handle commercial air carrier
service.

Such alterations would re-
quire a change of the National
Airport Plan and, according to
Rogers, the FAA did not have
sufficient information to justify
such a revision.

A second letter from Rogers
to Dr. Andrew K. Martinovich,
Jr., commission president,
verified that a public hearing
was not appropriate under the
circumstances. It thanked the
commission for its endorse-
ment of the original MAC ap-
plication but again pointed to the
inadequacy of information on
airport requirements within the
county.

NASA had also written in
substantiation of the original
claim and indicated it would
perform approximately 75 land-
ings and take-offs per month
with NASA owned aircraft. Two,

they pointed out, Southern Air-
ways had been authorized by
the CAB to serve the Missis-
sippi Test Facility under an
exemption but will be unable
to do unless facilities capa-
ble of handling DC-9 aircraft
or larger are available.

Commissioners also decid-
ed to alert their high level
counsel, Douglas C. Wynn of
Greenville, and get him to back
their efforts.

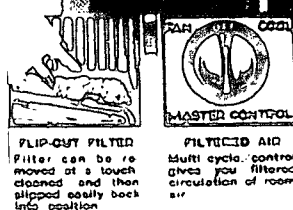

Wynn was originally hired
last April for the airport pro-
ject and was instrumental in
filing required applications with
the CAB and FAA. He is en-
gaged in a 'per project' basis
at a rate of \$7,500 fee and an
expense account not to exceed
\$2,500.

Previously working through
Michael Baker, Jr., Inc. of Jack-
son, the commission's en-
gineers, Wynn will now take his
instructions from and report
directly to the commission.

Michael Haas, one of the
commission's two attorneys,
said Wynn was engaged on an
arrangement where his ser-
vices would terminate with the
approval of a 6,500 foot runway
or a final denial.

HOW I SEE IT

* One man - One vote

In accordance with the philosophy of our
founding fathers I believe that each person
should have equal voice and representation
on any form of government. I think those
who made this possible by forcing the
supervisors to run at large.

* Industrial Development

Only through consistent industrial development
can more jobs be made available to the
young work force in our county.

* Unit Road System

By far the most superior and efficient way
of road construction and maintenance, the
Unit Road System is endorsed and operated
by many counties in many states.

Evans heads boat patrol for Hancock

Coast Guard Auxiliary
Cmdr. Clarence Evans of Wave-
land, training officer, Florida
SS, Penn Christian, said Tues-
day that regular water patrols
should soon be operating in
Bay St. Louis.

Previously awaiting the ap-
proval and signature of the
commandant, Eighth Coast
Guard District, the final plan
calls for the establishment of
auxiliary search and rescue and
pollution patrol all the way from
Bilbao to Pearl River, the area
covered by Florida SS.

Evans, who will be in charge
from Bay of St. Louis to Pearl
River, said that as soon as
the plan is approved he will
have one large and two small
craft available at all times.

Patrols, using these and other
craft that have met the high
standards of Coast Guard in-
spection, and crewed by un-
dertrained members of the
auxiliary will begin immedi-
ately the plan is signed, he said.

The Coast Guard requests for
the establishment of the patrol
service was made last month
in an effort to cut accidents
during the peak boating period.

Coast Guard recreational
boating law enforcement of-
ficers will be on the water
the dangerously overcrowded and
improperly loaded pleasure
craft. Collisions, caused by
these conditions, are the big-
gest single cause of re-
creational boating accidents,
particularly among children
under 16 years of age.

Evans said he is also work-
ing toward the permanent es-
tablishment of search and
rescue teams to work in co-
operation with civil defense of-
ficials.

Hancock County Chamber of
Commerce invites the public to a
reception at Bay-Waveland Yacht Club
on Thursday, Aug. 10, at 8:00 p.m.
to meet our Miss Dale Russell
Hancock County's Miss Hospitality
and first alternate
to Mississippi's Miss Hospitality.

Although it seems as if graduation were only yesterday, school students have begun their last month of vacation. The college bound crowd is shopping for wardrobe and, with big summer and school underway, they couldn't have chosen a better time.

Of course there are some who are still vacationing. Mike Rialto was in Florence last week on his European tour. So had written of having a wonderful time in both Paris and London, and many chaperoning the group apparently enjoyed visiting discomques just as much as did their charges.

Jocane (Jocanne) Green will visit New York City soon before enrolling in Marymount College in Arlington, Va.

M.J. Rando is now of legal age, having cut his 18th birthday cake on Monday, July 24. Other recent birthday celebrations are Anthony Lador, 17 on Sunday, July 23, and Polly Boggs, making over 16 last Wednesday and Laurie Forrell became 17 yesterday.

Sylvia Lador gave congratulations for having the highest scoring average on Anthony's football team.

Someone is wondering what A.P. thought about J.L.'s date with M.F.

Polly Boggs seemed happy to welcome Zack Butterworth home upon his return from a trip to Mexico.

Dario Davis is presently vacationing in Miami, Fla. It appears that G.V. is having

"TO LIVE IN," MISSISSIPPI

AN EDITORIAL...

AN EDITORIAL FROM THE DIXIE GUIDE
VOL 43 NO. 6 JULY, 1967

A homeseeeker from New York was in my city yesterday looking for a house or a lot on which to build one, said he wanted to live where members of his family could walk the streets day or night unafraid.

Recent riots in Newark and Detroit, and other northern cities, with their plundering of property and loss of life, have given millions of victims of violence pause to wonder at peaceful Mississippi.

In Newark and Detroit, and elsewhere, the militia or army is called out too late, after the orgies of fire and blood, after buildings have been reduced to ashes and the dead made ready for burial. The least the American taxpayer can expect of those in authority is the security of their persons and possessions. Law and order must prevail before the looting mobs have committed their pillage and slaughter, only when the laws are enforced and order is maintained can men pursue happiness and thrive on it.

During the prevailing mass madness, peace prevailed in Mississippi. How fortunate we all are that Governor Paul B. Johnson has kept and preserved the peace with out federal assistance. In Mississippi black and white live in harmony, working together solving their common social, political and economic problems.

No one knows for sure why a sensational press and agitating TV persist in picking on Mississippi. Could it be envy? It may be for the want of a scape goat to evade their own shortcomings. That is one for the political psychiatrists to work out. However that may be, Mississippi stands before the world serene and confident that even her maligners in time will discover that

Mississippians are a dedicated, God fearing, law abiding people, a community of good neighbors, blessed with enlightened leadership and offering a sanctuary of security to all men and women of good will everywhere, who would escape the savagery of northern metropolitan jungles.

Paul B. Johnson pointed out, three years ago, the breakdown in the nation of law enforcement. He had our highway patrol thoroughly trained in riot control long ago, and he established a police academy which has trained hundreds of law enforcement officers already, at both state and local levels. His adroit handling of the National Guard at trouble spots in our state, and his determined and positive stand on strong impartial law enforcement has thwarted all efforts of radicals and extremists at every turn.

Peace, provident, progressive, proud and peaceful Mississippi is a safe place in which to invest one's life as well as one's money, to raise one's children. And isn't that about the sum total of life: liberty and the pursuit of happiness?

KA's build new quarters in Southern

After a year of being housed in the old quarters at the University of Mississippi, the Phi Kappa Alpha chapter has been housed in a new building.

During the first week of the new semester, the chapter will be housed in the new building, which was built at a cost of \$100,000.

The new building is located on the campus of the University of Mississippi, and is one of the best buildings on campus.

PRJC building is in progress on 3 projects

Construction is underway on two new air conditioned buildings, a new library building and a new academic building at Pearl River Junior College. The 15,000 square foot library will feature two conference rooms, microfilm, duplicating equipment, and space for 30,000 volumes. The academic building will house faculty offices, classrooms, and the Nursing Science program.

Work has also been started on the expansion of the student center and remodeling of the cafeteria, along with several

other minor construction projects, including work on the auditorium, according to Garvin Johnston, president.

VOTE HOLLADAY POST 2 STATE REPRESENTATIVE

(Pd. Pol. Adv.)

The Civic-Minded

As free electors we are about to exercise the privilege and responsibility of participating in the operation of government, state-wide as well as local.

That good government is essential to the preservation of our way of life is axiomatic. It is the key to the American concept and democratic system.

Not since Bienville wrote from the French territorial capital of Biloxi to his king that the colony could not survive without industry to balance its agriculture has the Mississippi Gulf Coast ever thrived as it does today.

By leaps and bounds developments have exceeded anything pioneering colonizers ever dreamed. And we are only on the fringes of our full potential, as we move into a diversified industrial expansion that gives promise of a brighter and more abundant future. Nothing will contribute more to the realization of our dreams than good government.

The years ahead demand of us dedicated men in government as well as in business. Give this growing Gulf Coast County enlightened and efficient public officials and devoted civic leaders and we will come more rapidly and richly into our own.

The challenge faces each of us to register his convictions at the ballot box. Only periodically are we given this opportunity.

Suffrage is a sacred obligation. In the words of former Bishop Charles Betts Galloway of Mississippi, seer and statesman, speaking before members of the Mississippi State Press Association: "Citizenship is the practical everyday application of Christianity. We should... forever banish the false distinction between the sacred and the secular. The ballot is as holy as the book of common prayer."

Voting is a sacred as well as a secular responsibility that no citizen can escape. Let's exercise it.

temperatures ranged from 85 to 94 degrees with a light breeze from the southeast made conditions ideal.

Was a pleasant last week to meet Luke Lyle, an old time hunter and fisherman. Luke most of us, Luke is getting rather old for the outdoors. His favorite pastime now is making crab nets for his friends and talking over old times. Thanks for the nets, Buddy.

Bob Von Ehren and Ben Murrer local residents talk a good game when it comes to fishing and crabbing. Bob is an old timer at both sports and Ben is a good listener.

Clarence Schindler said big white trout and croakers are tearing up the line at the mouth of Bayou La Croix on the Jourdan. They are caught in deep holes with dead shrimp. "The fish bite better on a falling tide," Clarence claims.

Speckled trout must be moving up Jordan River according to Pat Garcia. A few were caught this week at the Kiln.

Boas and perch are biting pretty good at Kiln landing. One fly fisherman reported catching the limit. A couple of hours Saturday.

Bayou Coward runs into Mulletto then through Cross Bayou to Pearl River. At the mouth of Cross Bayou and East Pearl, speckles, red fish and bass are caught. Boats can be rented at Kelly's Camp on Mulletto and at Pearlington on Pearl River.

Louisiana fishing licenses can be purchased on the Louisiana side of East Pearl River at Pearlington.

Jack and Doris Seuzeneau with George Seuzeneau, Jr., made a fishing trip Friday to Cat Island. Some speckles and other various fish were caught. These folks are ardent fishermen and fly frequently to Free Mason for an afternoon fishing trip. Free Mason by plane is only a stone's throw from the Bay.

Black Fishing was a great done by oldtimers. Only Norvin Pennoke, Horvath and Gerald Kennedy have a black fish out from Bayou La Croix.

Black fish lay in the shade of small pine tops and are anchored on the surface of water. They are caught with speckled poles and cast-nets. Shrimp are used for bait. When fish are speckled in the line to cast close in. When hooked they put a red fish and run from the pond up. For eating they are a delicacy.

Tom Capdepon, fishing last week the mouth of Bayou Coward, landed a 73/4 pound speck. Tom said speckles, red fish and bass are caught in Bayou. The bayou runs into the coastal canal near Avenue in Louisiana.

A. (Cy) Dean, who owns a boat on a canal which runs Bayou Coward, to an ardent fisherman. "Cy" said after his fishing comes next.

With regret we read of the death of Joe W. Sumrall. Joe was a good fisherman and a fishing partner. He is extended to the family.

Ed. W. Triche, Chester Jacob, Jim Lassus and Charles Triche of Bayou La., spent the past week in Bayou. They enjoyed fishing, etc., and mingling with friends.

For our sportsmen who trap and hunt the state wild life. The state commission has closed trapping season.

Go-Go wins offensive trophy in North-South

Milko (Go-Go) Needles received the offensive trophy awarded at Jackson Saturday following the South's 68-79 victory over the North All-Stars.

But Milko's local fans were disappointed. He only scored 24 points, missing 8 field goals, including a 10-foot shot in the final period of play — they just aren't used to seeing Milko miss.

What they didn't know was that the lanky, 6-foot-10, 17-year-old led was playing with two sprained ankles. Sunday they were swollen like a victim of elephant's foot. All they knew was that they were accustomed to seeing Go-Go go for 40 or 50 points per game regardless of the competition.

But he topped all 24 players, each side using 12, with 13 rebounds, three more than anyone else, before fouling out in the final frame.

Approximately 5,000 fans witnessed the win, the fourth

The starters rested most of the third quarter but the South took over and kept the ball rolling and the South maintained a 39-50 lead after the third quarter.

The final quarter was reminiscent of the piece of Victorburg as both Yanko and Rebo unloaded their biggest guns and the quarter ended in a 29-29 deadlock — but the Rebo had won the game in the first three periods.

Near the end of the game, after Needles had fouled out, the Yanko got within 2 points at 72-70 but Randy Redger and Donny Black provided the spark to put the game on ice for the Rebo in the closing minutes.

Mrs. Curt Boyer, Jr., and children, Debra and Curt, III, left Tuesday for their home in Jamaica after a visit with her mother, Mrs. Jessie Boyer and the Curt Boyer family in Biloxi. Mr. and Mrs. Boyer recently returned from a tour of Europe, while the children visited with their grandparents.

Robert Teague, who has been confined to Biloxi Veterans Administration Hospital for the past 40 days, was discharged Friday and is reported doing nicely.

Mr. and Mrs. E.J. Arceneaux have returned from a six-week visit with their son-in-law and daughter, Mr. and Mrs. Ricco Gatti and family, in Park Ridge, Ill. Upon Mrs. Gatti's discharge from the hospital the Gattis and Arceneaux went to their log cabin on Lost Lake in Northern Wisconsin Highland State Forest for a camping trip. Despite unusual cold and rainy weather during the week's camping, the Arceneaux reported an enjoyable stay, which included visits at some of the nearby lake resorts, St. Germain and Eagle River.

The J.A. Hillingame family and their guest, Andrew Harnage, Jr., enjoyed a weekend camping trip at Dauphin Island, Ala.

Misses Susan Clark, Valda Pitcairn and Kathleen McAuley spent three days last week at the University of Mississippi where they attended a pre-college counselling conference. Weekend guests of Capt. and Mrs. J.W. Clark and family were Mrs. and Mrs. Pierre Fabre, son Jean and daughter, Francoise of Paris, France. Jean remained for a month's visit with the Clarks. Mrs. W. J. Clark of Knoxville, Tenn., is visiting for several weeks with her daughter-in-law and son.

North-South game

Romanoff averts disaster for Rebs

South attack comparable to the 1964 game at the Memorial Stadium in St. Louis. Romanoff, who was the South's defensive back, averted disaster for the Rebs by blocking a punt that would have been a sure touchdown.

Everyday, an almost certain North touchdown had a Yankee reprieve. The Rebels defense also staged several goal-line stands that thwarted the Yankees' threats. Clarion-Ledger sports editor Wayne Thompson summed up the game in his lead paragraph: "Scoring records fell like the South's coach's spirit as the North, pushing on an aerial circus that looked more like pro than just-graduated high school seniors."

Coast Guard calls hearing on rules

The U.S. Coast Guard has scheduled public hearings along the Gulf Coast to consider changes to the lines of demarcation of the inland rules of the board and the international rules of the board from Cape George, Fla., along the coast of the Gulf of Mexico to the Rio Grande River.

Closing hearing location to Hancock County is the one next Monday in New Orleans at Room 600, Federal Office Building, 600 South St. Mobile's hearing is Friday on the first floor of International Trade Center, 250 N. Water St. All hearings start at 1:30 p.m.

The proposed change would move the line for inland rules to the coastline and everything seaward of this line would remain under International Rules.

The present Inland Rules-International Rules demarcation line, at some points, is located more than 20 miles from the nearest land. One leg of this line is drawn between two offshore aids to navigation that are over 120 miles apart. The international rules and

Bourgeois wins DFC for role in Vietnam

Major Randolph C. Bourgeois, commander of a UH-1D "Huey" helicopter during the combat operation.

The mission of the unit was to extract a Vietnamese Army unit from a supposedly secure pick-up zone. As the first flight of helicopters made their final approach into the pick-up zone, they began receiving enemy fire. The trail aircraft in the flight reported being hit and was forced down in the landing zone.

Major Bourgeois immediately began a descent to the "hot landing zone" to assist the crew of the downed helicopter.

The aircraft commander of the downed craft then decided to fly his crippled ship out of the dangerous zone with Major Bourgeois' helicopter providing cover and suppressive fire on the enemy.

Although his aircraft was hit by enemy fire during the descent he returned to the landing zone three times to extract troops.

On the last two trips into the LZ, the enemy fire was so intense that the Vietnamese Air Force was called in to make a second effort on the enemy positions which were less than 100 meters from Major Bourgeois' helicopter.

During the troop extraction, Major Bourgeois maneuvered his aircraft so that it

was between the friendly troops and the enemy so his door-gunner could place effective fire on the Viet Cong.

Major Bourgeois received the medal for heroism against an enemy force in the Malheur Delta. He distinguished himself

while carrying an aircraft commander of a UH-1D "Huey" helicopter during the combat operation.

General John H. Cook, Jr.
(Military General, U.S. Marine Corps, Retired)

Supervisor
Hancock County

When I retired from the Marine Corps in 1959, I had served 35 years in the military service of my country. Now that I have returned to my home state and the city in which I lived 21 years ago, I would like to make use of my experiences by serving the citizens of the county of my choice.

I believe that my Marine Corps training, engineering studies, and experiences gained by living on both the East and West Coasts qualify me for the job of supervisor and I have the time and interest to devote myself to its duties.

The experiences gained from living in or visiting all parts of our country and seeing the lands have given me many ideas for improvement of our county - ideas that can be carried out with no additional costs to the tax payers.

To administer your county and to get the greatest amount of service for your tax dollars, the supervisors must have intelligence, imagination, management ability, engineering ability, the ability to say "NO" to seekers of personal favors, and the desire to serve all people equally. I believe that I am qualified in these categories.

Each week a plank of my platform is explained in the Sea Coast Echo. An outline of my platform is as follows:

1. Beautification and Sanitation: The two go together with a clean county.
2. A Program of road paving to reduce cost of road maintenance and provide better roads: This program includes a unit system for new construction, paving, chasing, and warehousing of supplies. The supervisors would still be responsible for the maintenance of unpaved roads in their boards.
3. An Education program: Our schools do a good job of preparing our children for college, but what about those that do not plan to go to college? We need a vocational department in our school system to train these children in the various trades so they can take their rightful place in business and commerce.
4. The development of county owned lands for recreational purposes and to promote tourism: This can be done without additional cost to our tax payers. The first of these would be the development of Jackson Ridge with a camp site, and a fishing pier. The revenues from this would go to augment the school fund.
5. Protection of low lying areas from hurricane damage: My plan, which was explained in the Sea Coast Echo a few weeks ago, has been submitted to the Corps of Engineers. I have been informed that money for the study of this plan has already been included in the present budget for the Corps of Engineers. I would like to be in a position to see this project through to its completion.
6. Support the industrial development of the county.
7. I will work for the people of this county as a whole and will show favoritism to no individual.

I DO NOT NEED THIS JOB, BUT I DO WANT THE OPPORTUNITY TO SERVE YOU AND LEAD THIS COUNTY ON ITS ROAD TO PROGRESS.

General John H. Cook, Jr.

TO THE PEOPLE OF HANCOCK COUNTY

We wish it were possible for you to know Dolph Kellar as we, his family, know him.

During World War Two, even though Dolph was eligible for an exemption for service because of his father, Lemuel Kellar being almost blind, he served in down as to what was his duty and privilege to serve his country during the war. Dolph was wounded twice and received two Purple Heart Awards. Even after being wounded he did not leave the service until the time for discharge was due. Dolph served his country well and received a honorable discharge.

In the county election of 1968 Dolph was elected as Board of Supervisor of Beat 2, Hancock County. With the same willingness that he served his country, he has served his county.

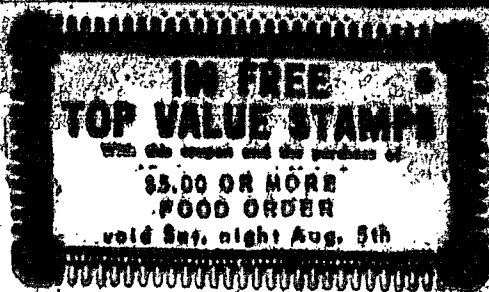

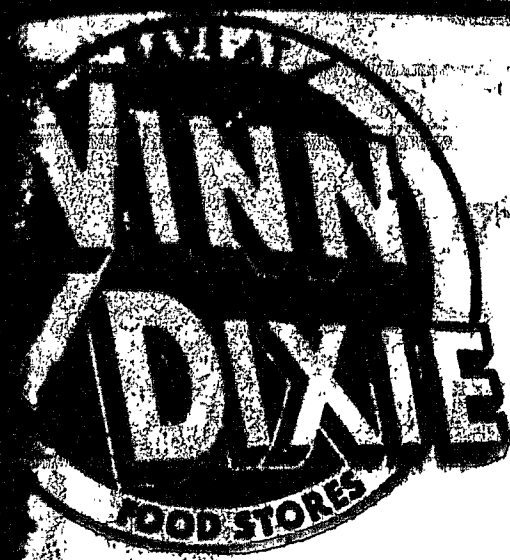

We, Dolph's family, are proud of him. We know him to be honest, sober, conscientious, capable, and eager to carry

A vote for Dolph Kellar, Supervisor, Beat 2, Hancock County, will mean a vote for continued good government.

We whole heartedly endorse Dolph for a second term in office and ask for your vote and support for him.

I PLEDGE...

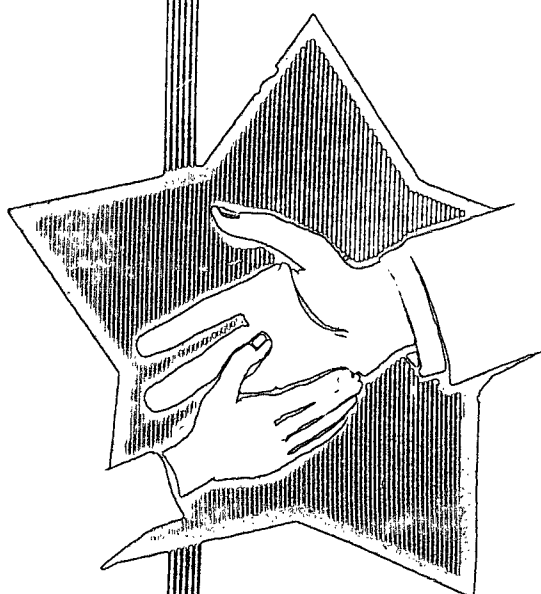

My program consists of those five points. I began my campaign with those points and have not deviated. I have explained each of them in detail during my campaign and they WILL be carried out.

As an independent candidate, I have no political obligations to any group or individual, no reason to show favoritism, and no reason to be pressured by anyone.

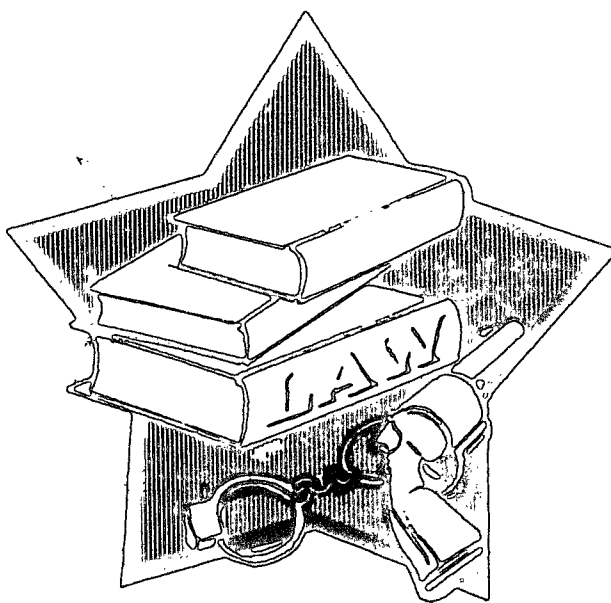

I will use every resource at my command to set the highest standards possible for the office of Sheriff of Hancock County.

Eido Depue

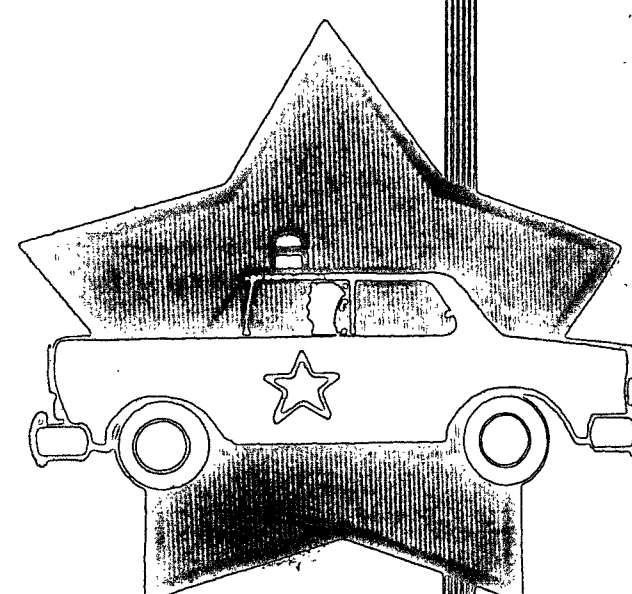

HANCOCK YOUTH
ASSISTANCE

Your children will be one of my main concerns. I believe that your tax dollar is more wisely spent on crime prevention than on prosecution. I will appoint a Youth Court Deputy to work with the court and I will personally take the lead in promoting programs and activities for our children.

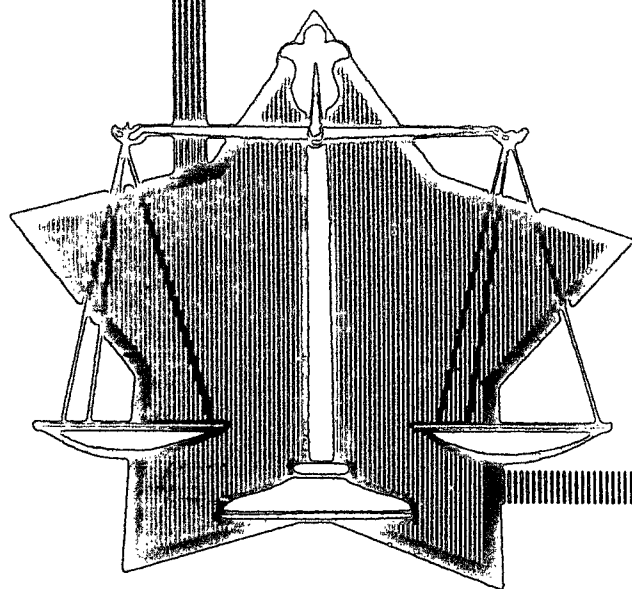

PROFESSIONAL LAW ENFORCEMENT

I will require, as your Sheriff, that each and every officer deputized by me will attend the State Law Enforcement Academy in Jackson, Mississippi. Professional law enforcement will be the keystone of my administration.

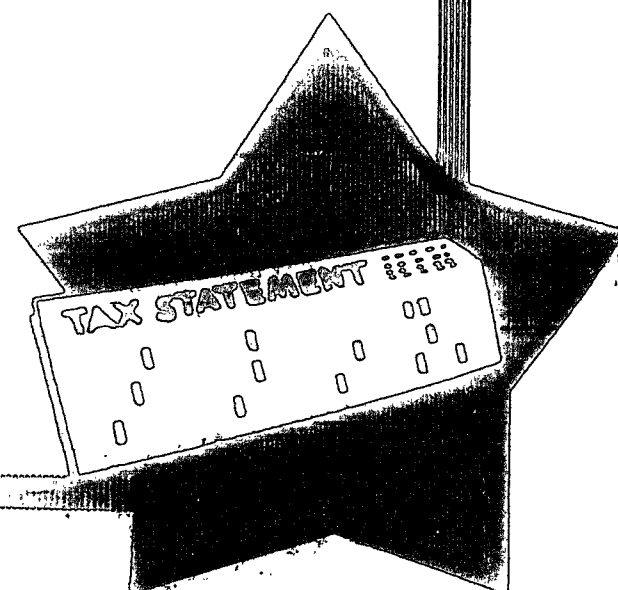

24 HOUR
PATROL

Regular patrolling in the county by train-
ed, efficient and courteous deputies, 24
hours a day--seven days a week, will be
used to protect all of the people all of the
time.

EQUAL, IMPARTIAL JUSTICE

The Jews have many meanings and interpretations. Empanisco, unfortunadamente, good Jewry and imperialism are a part of the opposition of the Jews. I am very sorry that the unfortunates who are of our present generation, not old enough to know the world of our old world, unfortunates. I have no sympathy for the generation that is the most important and the most important of the world.

MODERNIZED TAX
DEPT. SERVICE

The Tax Collection Department will be a modernized system approved by the State of Connecticut. I further pledge that statements of taxes due will be mailed to the last known address of the parties involved and the payment of taxes due will be handled through the mail by use of modern office equipment.

DILLARD CRAMP - George Magrath, left, receives winner's trophy from Miss Patricia, proprietor of Hickory American, Woodland Avenue, Sunday, after winning weekly prize. Dillard Cramp, second place, and Bill Lankford, third place, also present. Twenty three to 2:50 p. m. each Sunday.

Mrs. Griffin nips women's medalist

Playing improved golf, Mrs. John Griffin claimed this year's medalist, Mrs. R. B. Martin, 2 and 1, last week in the first round of competition for the women's championship of Pass Christian Golf Club.

Defeating champion, Mrs. Walter Rame, did not enter the tournament.

In other first round championship matches, Mrs. Richard Anderson of Mrs. Frank Calkins 3-2; Mrs. Powell Glass, Jr. of Mrs. Harold Elrich, 6-4; and Mrs. Harold Anderson of Mrs. Al Flanck 1-0 in 19 holes.

Puttings are Mrs. Calkins of Mrs. Anderson and Mrs. Glass of Mrs. Anderson, consolation, Mrs. Martin of Mrs. Calkins and Mrs. Elrich of Mrs. Flanck.

First eight rounds, Mrs. E. Willis of Mrs. S. Wagner, 6-5; Mrs. G. Dancy, Mrs. L. Kitting of Mrs. R. Gaffney; Mrs. D. Murphy, Mrs. Dancy, Mrs. Willis of Mrs. Dancy; Mrs. Kitting of Mrs. Murphy.

Warner, Amacker win swoopstakes golf at Pass club

Howard Warner and Ward Gaffney, 65 and 69 respectively, won swoopstakes in Sunday's openers at Pass Christian Golf Club, recording a busy week of activity with both men's and women's championship tournaments under way.

Frank Calkins, Gordon March and Martha Martin tied for third with 72 each.

Sunday, Mrs. Anderson shot a 70, Red Rader a 71 and Gordon March a 72 to finish even, two, three.

Genin cops PCI men's title

In the youth vs. old timer championship last weekend at Pass Christian Golf Club, young Robert (Bobby) Genin, Jr., outlasted veteran R. B. (Dick) Martin to win the Club title 3-2.

In the third consecutive year that Martin has been runner-up for the club championship and in 1948 the pair tangled for the same honor, Martin winning the championship then.

Genin played cool, calm, collected, good all-around golf throughout the match displaying an excellent short and long game including the drive only twice in 34 holes. He also had a hot putter, sinking a 30-footer on the 37th hole and the city then drew applause accordingly.

Genin had a weekend when he could certainly have been as good as to played his younger opponent to a win on the last 10 holes. Genin managed on only two, but drew 10 holes Sunday, and was never less than 100 yards from the hole.

Other notable championship matches, Doug Ross of Pat Morgan, 1-0, 19 holes; Gene Elrich, Orl. H.G. Anderson of S. Ray Wilson, 2-1; consolation, Ray Ross of Ray Vain, 1-0, 19 holes; consolation, J. Calkins of Karl Elrich, 2-1; consolation, Bob Flanck of Ray Wilson, 3-2, 36 holes.

THANKS

Mrs. Shaw and I appreciate from the bottom of our hearts the hospitable treatment received from you, the citizens of Hancock County during this Campaign. The attention given us, which I am sure all candidates have received, proves that the people of Hancock County are interested in good government.

If elected I shall, at all times, endeavor to reward your confidence with good government.

For the first time in the history of Mississippi you have an opportunity to vote for each member of your county government and the interest that you have manifested in this campaign leads me to believe that every voter will take advantage of this opportunity.

Again thanks for your many courtesies and respectfully soliciting your vote, I am

ATTENTION VOTERS

I would like to take this final opportunity to once again seek the support of the voters of Hancock and Pearl River Counties. I am running for the office of State Representative, Post No. 1.

I would like to emphasize that when you choose a man for Representative on August 8th, that you will not get a 60 or 90 day trial but you will have him for 4 years, so let me urge you to choose carefully. You will want a man to Jackson to fight your battles, to fight for the things you need. Look at the list of men that is running and choose the man that you had rather have to fight your battles for you. Choose a man that can and will fight, a man that is unobligated, unafraid and determined to win. Choose Sidney McRay Seal.

Today, I am confident of my opponents, but of the quality of the voting public toward this job. I fear the trend that is developing in our government, the trend that only certain professional groups of people are qualified to run our government. The government is slipping from the hands of the people into the hands of certain cliques and organizations. It was the common man who made this Nation great and it will be the common man who will keep it that way. So elect a man who will fight for and represent the average citizen, not just certain groups of people, and that man is Sidney McRay Seal.

I worked as many jobs before becoming a teacher. I have been everything from working in a gas factory to working on a police force. I know how the average man feels because I am one of you, so I feel I can and will represent you effectively. If you elect me for 4 years, then you will want to keep me in that office because I know people will support a man who will work for them.

As your Representative, I will echo the opinions of the people of my district. I would like to list a few of the things I would like to see done:

- (1) A better school system for the children of our area.
- (2) A little wider civil service system. Many of the jobs from Game Warden to Highway Patrol become a political football. A man has no job security in these positions. He votes wrong he loses his job.
- (3) A teacher tenure law. This is another group of people who have no job security. A teacher may work faithfully and efficiently and YET BE FIRED by a Principal or Superintendent because of personal reasons. This is not conducive to a good educational system. A tenure law will not cost the State any money so the legislature can't holler "where is the money coming from?"

These are just a few of the things I think should be done. These are things that you the people want done. Elect Sidney McRay Seal as your Representative and together we will get something done.

I would like to take this opportunity to thank the people who have helped me in the campaign. The greatest help a man can have is for a friend to say a good word for him. I would have enjoyed talking to each voter but it has been impossible for me to make the rounds. Had I done that, I would have worried about the outcome of this election, because I believe you would have seen my sincere desire to represent and fight for the people of our District, State and Nation.

I sincerely seek, not only your vote, but also say a good word for me.

Thanking each of YOU,

Sidney McRay Seal

For

Sheriff

Hancock

County

The

Independent

Candidate

The future of our county depends on your selection of its officials. My only business and interests will be to serve the people of Hancock County.

I wish to assure the people of our County that I am an independent candidate; that I have no political ambition, except to be elected your Sheriff, and if elected that I will never use the power of that office to influence any other election; that I will serve the people of Hancock County in a manner to earn and maintain their respect and confidence, so that when my term of office ends, I may continue to live among our people in self-respect.

I want you, the good people of Hancock County, to elect a man that knows what work is, and the value of money. I'm making you one promise, that there won't be anyone around on Monday or any other day in the week for a pay off. I feel that money one earns is theirs, and I don't think that they should give part of it to any Mr. Man.

I am a working candidate and as time grows near, I know I won't be able to see all of you, so as I mentioned in the beginning, the future of our county depends on your selection of its officials. With this pledge, I respectfully solicit your vote and support for the office of Sheriff and Tax Collector of our County on August 8th.

Respectfully,

SINCERELY,
JAMES C. LADNER,
CANDIDATE FOR CIRCUIT CLERK

FOR 22 YEARS - Mrs. Nellie Foy, secretary at Agricultural Center for 22 years, receives certificate recognizing service with Mississippi Cooperative Extension Service from County Agent R. O. Ford in behalf of J. M. Egan, state director of extension service. This is first year recognition has been made of secretaries who will now receive awards starting with 10 years service. Their vital role in carrying on extension program was cited in accompanying letter from BAC.

Pretty blooms

Flower buyers should arrive by Mrs. Eugene Davis' Carroll Avenue home at her "Maiden Lilies", (phonetically Curcuma Potilla), (phonetically Curcuma Potilla), are now in bloom. The blossoms, species of the Gloriosa family native to India, are over 100 in size and the foliage to dark green which grows from three to five feet in height. The name is derived from the fact that one cannot see the blossoms unless one looks over the foliage as the leaves completely hide them from all sides.

Lillian and Joe Griffin had a great barbecue for approximately 20 guests at their Beach Blvd. home on Sunday. The affair was in honor of Ernest Goetz of St. Louis, La. who is retiring from Chevrolet Oil Co. and has worked with Joe for many years.

Linda and Tommy Kida's new Malibu Drive home was the scene of a large party on Saturday night. Food, drink and political chatter flowed abundantly throughout the evening.

Square dancers

Courtesy Monday proudly reports that the newly organized square dancing group, The Friendly Squares, now known as the Friendly Squares, are now in the process of holding a local dance at the local hall on Sunday night. The dancers are cordially invited to join in this project, which will be held at the local hall on Sunday night.

Another happy time was had by the local dance group on Sunday night. The place was packed to the rafters with couples from Waveland, Bay, Clearmont, Harbortown, Lulu, and other nearby areas. The dancing was in full swing and the atmosphere was festive.

Eddie reveals

Eddie Jones' secret return was again with Japanese lanterns when a man of his friends gathered to wish him a happy birthday on Saturday, July 29. The lanterns and lots of colorful and happy birthday wishes lit up the scene which covered an area from the lodge, complete with juke box, down a winding path to the river, where a beautiful Japanese garden, complete with a small bridge and a small pond, was the scene of the celebration.

Mr. (Nelson) Rhodes in new Sunday School (Mrs. Albion) Rhodes. She managed to split a two wheel axle, and not too long after that she dropped a package of frozen chicken on a Sunday afternoon. A note for the maintenance of the house was a frequent occurrence.

SIGHTS AND SOUNDS ALONG THE WAY - Family group myrtle waving purple and blossoms in the garden. The family group was seen in the garden, where the family group was seen in the garden, where the family group was seen in the garden.

Mr. Hammer notes birthday. Charles Hammer celebrated his 71st birthday Sunday with a party at his home in Anstey.

Sharing the occasion with him were Hazel, Randolph and Sheila Conner, Charles, Cliff, Pam and Terry Conner, Elvira and Elvira McCormick, Carol and Hugh McCormick, Marie and Billy Zengert, Betty and Sam Conner and grandchildren, Kevin and Gerald Jones, Eunice, Melvin and Kelly Linder, Audrey and Tommy Branton, Carrie and August Martin and Jimmy Linder.

AT 8TH CHURCH. Brother Crawford Loughdrill of Laurel announced that services are being conducted at Old Spanish Trail Missionary Baptist Church, every Sunday 10 a.m., 11 a.m. and 7 p.m. Training Union 6 p.m.

Nell and Bob, former known as "well dressed" Nell's Delia, returned to the Bayview the weekend to pick up their possessions before leaving for their new home in Washington, D.C.

Coming, going

Memo and D. W. North have returned from their Florida vacation. Dorothy and Bud Thomas and family are spending a week or two in their former home town, Denver, Colo.

With no more more clearly - busy days were expected for last week after leaving Edna and Alphonse Farrow's guests as her brother and family when in reality they were her daughter, son-in-law and grandson.

CB radios are really great. Alton and Daniel Blanco communicated with relatives Ken and Bill Steele and other members of the family including Mrs. Audrey Beaumont via this method last Friday night. Daniel's mother, wife to Mrs. Beaumont's sister, was visiting them at the time.

Some swimming. Ollie Mallico has the closest floor in town. This is where he still has a room. When he and his staff entered the office last Monday a.m., they were greeted by a stream of water running out from under the front door. A pipe had obviously broken down after they left Friday afternoon and for several days the only man in town was the only man in town was the only man in town.

More get well wishes. Bill Erdmann is a patient in Hancock General Hospital having suffered a heart attack shortly after reaching his "paragon", Mr. and Mrs. Margie (Lynette) home, last Wednesday.

Margie (Mrs. John) Anderson was released from the local hospital Friday after spending four days for treatment of a heart attack and broken ribs in a fall at her home on Monday.

Rev. Gerard Gray, whose family has owned a home on South Beach Blvd. in the Bay for many years, is to be ordained bishop of Savannah, Ga., this weekend.

Gripe corner. It has become quite obvious that there is a lot of griping in the county, but there just isn't enough in this world to improve the work of the county. It might cost a few bucks more at the time to place them in the county, but permanent repairs should surely prove more economical in the long run.

RE-ELECT
CHARLES LAVINGHOUSE
SUPERVISOR, DISTRICT 3
OLD ENOUGH TO KNOW
YOUNG ENOUGH TO GO!
TO THE PEOPLE OF HANCOCK COUNTY:
BACKGROUND, TRAINING AND EXPERIENCE:

I was 32 years old when elected to my first term on your Board of Supervisors and have held that position for the past 8 years. Prior to my service on the Board, I served on the Hancock General Hospital Board of Trustees for 2 years. I have been fully engaged in the land and timber business all of my life. I was born and reared in the Necaise Crossing Community of Hancock County and raised my three children in the Community.

While serving as your Beat 3 Supervisor, I have supported all of the progressive programs that have taken place in your County Government for the past 8 years. These include additions to the Hancock General Hospital, improvements to and construction of new schools for our children, and support of welfare programs for our aged citizens. In addition, I installed the first pre-cast concrete bridges in Beat 3 and in addition to pre-cast concrete bridges, I have completed over 12 miles of hard surface roads in the last 4 years.

During this period I have also supported all of the industrial programs which will mean so much to us in the future. These include the Mulatto Bayou Port & Harbor development which will bring industrial jobs and the Hancock County Airport, which will make our County readily available to industrial executives.

In addition, I helped meet the street crisis in Bay St. Louis by providing equipment and men to help alleviate this street problem.

In all my actions as a member of the Board of Supervisors, I have tried to make decisions which I felt were in the best interest of all of our people.

PLEDGE:
If re-elected as your Supervisor of District 3, I pledge to you that I will continue to support these progressive programs for all of our people, and I ask that you support my background, training and experience and my youth and aggressiveness which I have gained in the last 4 years.

Sincerely,
Charles Lavinghouse

sion.

**WILLIAM WINTER
HAS 'PLANS' TO WIN FOR MISSISSIPPI!**

The "Winter Plan for Better
Schools" will guarantee every
child in every county in Missis-
sippi an opportunity to obtain
an education equal to or better
than that offered by any other
state. While other candidates
have been talking generalities,
William Winter has been coun-
seling with top educators and
legislative leaders, and the re-
sult is a concrete, detailed plan
covering all of the weak spots
in our educational system, in-
cluding teacher's pay.

The "Winter Plan for Better
Paying Jobs" will guarantee
the state's workers a living
wage and a fair share of the
prosperity that is being created
in Mississippi. The plan will
provide for the development of
new industries and the expan-
sion of existing ones, and will
provide for the training of
workers to meet the needs of
these new and expanded indus-
tries. The plan will also pro-
vide for the improvement of
working conditions and the
protection of workers' rights.

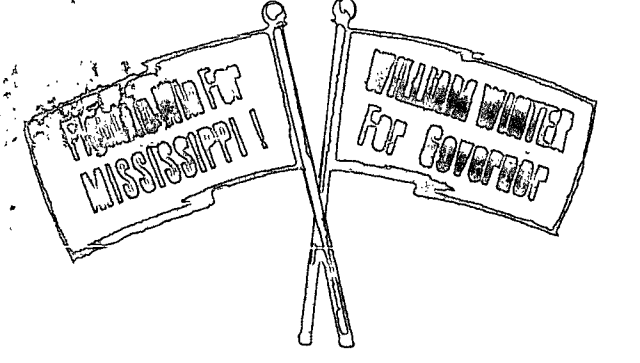

The "Winter Plan for Agri-
culture" will guarantee the
state's farmers a fair price for
their products and a fair share
of the prosperity that is being
created in Mississippi. The
plan will provide for the de-
velopment of new agricultural
industries and the expansion of
existing ones, and will provide
for the training of farmers to
meet the needs of these new
and expanded industries. The
plan will also provide for the
improvement of farming con-
ditions and the protection of
farmers' rights.

The "Winter Plan for Home
Rule and States' Rights" pro-
vides for close cooperation
between the Governor's office
and our Congressional delega-
tion in fighting bureaucratic
entanglement on our school
systems, welfare organizations
and other areas of state and
local government. William
Winter has a proven record
of winning the battles he gets
into, and he is pledged to win
this fight for Mississippi with
honor and integrity.

The "Winter Plan for Better
Roads" will bring a total of
1300 miles of four-lane high-
ways to Mississippi when ad-
ded to those already built or
planned for the next five years.
This with no increase in taxes.
It will also provide funds for
upgrading our secondary and
farm-to-market roads. The
"Winter Plan" has been thor-
oughly researched and checked
with leading financial experts
and highway construction pro-
fessionals. It is a sound, busi-
ness-like plan that will work
... not the wild idea of a vote-
seeking politician.

The people of Mississippi have learned the hard way that they can't put their trust in
losing politicians who rant and rave but don't have the solutions to the state's pressing
problems. The Winter Plans for Action are specific, well thought-out programs for
progress. For your personal copy of the Winter Plans that interest you most, contact
your local William Winter campaign headquarters or write to William Winter State
Campaign Headquarters, P. O. Box 2371, Jackson, Mississippi.

Dough Girls gain tie in Waveland

The Dough Girls moved to a first place tie with Moran's Amusement in the Waveland Women's Softball League when Moran 4-3 in the second half of a double-header at Elwood. Mortal Park last Thursday. Winning pitcher was Joan Bernard, loser, Nancy Favre, both revellers. Bernard leading at the plate, Bernard batting 1.000 with three for three and Favre getting two for three. In the opener, Tex's Nurture, walloped Broadview Restaurant 22-2 with Cheryl Pavolant on the rubber, Marian Necator on the bases. Barring were Sherlyn Breland and Wilma Herndon, each with 4. Last Tuesday, Moran was not amused as Tex's Nurture planted an 8-1 win over the amusement girls. Winning pitcher was Pavolant, loser Favre. Elite Schenckmiller batted a thousand with 3-3, Carroll Mitchell and Ann Moran adding 2-3. The Dough girls won the opener from Broadview on a forfeit. Tuesday's schedule this week was Tex's vs. Dough Girls, Moran vs. Broadview, Thursday, tonight, Broadview vs. Dough Girls, Moran's Amusement vs. Broadview.

Pointers quell Bay hope

The Bay Dixie Youth All Stars bowed out of the district baseball tournament at Long Beach last week looking a little gloomy to Moon Point 3-2 in the quarter final.

Moon Point won the game in the first inning scoring three before lefty Randy Williams settled down, holding the winners hitless in the last four innings. Moon Point's, Woodie Cowart pitched a no hitter, the Boys scoring two on walks to Lafontaine and Krankey, both on a wild throw to second. It was the first defeat for Williams in four district games. Payoffs for the city championship, interrupted by the district tournament, resumed Monday evening and will continue through Sunday. Both Dixie boys and youths are battling through double elimination tournaments for the championship. Monday Gulf National defeated the Independents 9-4 in a Youth League contest. Willie Carter was winning pitcher and Dave Richardson, loser. In the nightcap Merchants Bank edge Riemann's Fahey-Whitfield 5-4 with Dale Ladner on the mound. Richard Johnson was loser. Riemann was ahead 4-1 in the bottom of the sixth when Merchants Krankey, Neccatoe, Ladner and Lymuel hit safely, scoring 4 runs. TO THE VOTERS OF HANCOCK COUNTY

As you know this will be the last issue of this paper before the upcoming election. The editorial supervisor is, of course, Beat 2, has been somewhat difficult to write. The fact the election is county-wide.

It has been virtually impossible to write a balanced editorial in the county. If at this time you, the voters, have not selected your candidate for the supervisor's office of Beat 2, I sincerely hope you will accept this as my personal endorsement for your home.

As I have said before, my campaign for this office has been based upon industrial development of Hancock County and a supervisor to assist the entire county as well as Beat 2.

Upon selecting me as your supervisor, you will be selecting a family man, father of seven children, who has been employed with the Southern Railway for the past 13 years and who has great desire to see his children, as well as your children, to have a better life in our beloved county.

Clarence Vernon Lee

WHY TAKE A CHANCE WHEN YOU HAVE A PROVEN REPRESENTATIVE THAT HAS SERVED YOU WELL? PLEASE HELP RE-ELECT WADE O. SMITH REPRESENTATIVE POST ONE HANCOCK AND PEARL RIVER COUNTIES (P.C. Adv.)

WHY ARE WE "GEORGE WALLACE CONSERVATIVES" GOING TO VOTE FOR

JOE K. DUCKWORTH FOR THE NEXT SHERIFF AND TAX COLLECTOR OF HANCOCK COUNTY

He is a proven leader, honest, full and deals with all fairly.

He is experienced and experienced in administration.

He believes in the Country and Constitutional Government. States Rights is the only known George Wallace conservative in this area.

He is running for office at his own expense, having refused donations from any individual, club, group or organization.

He was elected, unanimously, president of the board of Trustees of the Hancock General Hospital for THREE consecutive years, which proves that he was trusted and respected for his honesty, fairness and during his term as president of this hospital.

He has worked hard with the other members to help all the sick and injured of our county and make our Hospital one of the best in this section of the country, and brought forward from almost no operating fund, a well organized, tax payers-owned, business with quite a bit invested, during interest, for the tax payers of our county.

He is never too busy to help those in need and goes out of his way to serve the people of our county.

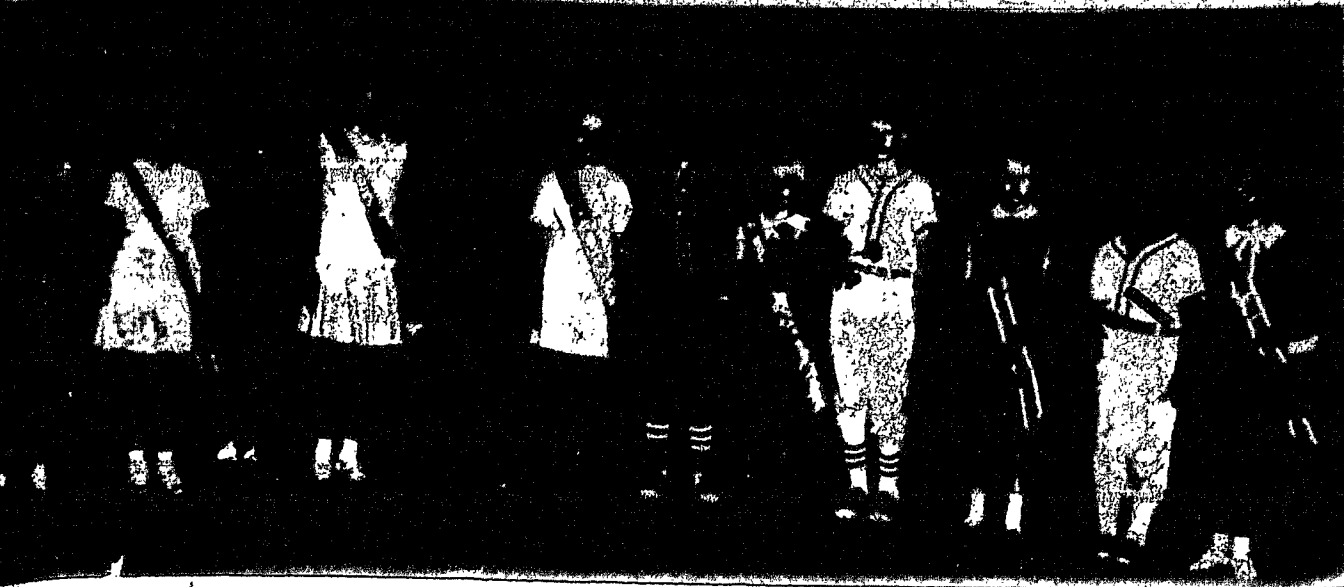

He was man enough to say NO to the Lines of Health, Education and Welfare operation of our hospital because these guide lines discriminated against all the poor people by invading his bedroom in hospital; because they did not have enough money to pay for a private room. Mr. Duckworth resigned when the Board refused to take a stand against Federal guidelines which in his opinion violated the constitutional rights of ALL citizens, of freedom of association.

He says no one is above the law, that the law will be enforced equally to all with favoritism to none.

He will render help and protection to all newcomers and visitors as well as natives.

FOR LAW AND ORDER DON'T FORGET TO VOTE FOR JOE K. DUCKWORTH FOR SHERIFF AND TAX COLLECTOR (P.C. Adv.)

SHOULDN'T MISSISSIPPI?

1. Shouldn't Mississippi provide a home for the aged?
2. Shouldn't Mississippi give the Public Service Commission the authority to make railroad crossings safe?
3. Shouldn't Mississippi modernize some of its antiquated laws?
4. Shouldn't Mississippi balance industry with agriculture (but not forget agriculture)?
5. Shouldn't Mississippi reimburse its merchants for collecting sales tax?
6. Shouldn't Mississippi pay its jurors as much as the Federal courts pay?
7. Shouldn't Mississippi require the oil companies to pay the surface owner of land for the privilege of locating an oil or gas well on his land, in addition to the mineral owner?
8. Shouldn't Mississippi improve its educational system?
9. Shouldn't women be given the privilege of serving on juries on a voluntary basis?
10. Shouldn't Mississippi allow a tax exemption on the family car?
11. Shouldn't Mississippi see that the taxpayers receive value for their tax dollar?

HELP THE PEOPLE of Beat 1 and Hancock County Create A Better Image

The **INDEPENDENT** people of Beat 1
support **CHARLES A. RUSS, III**
as our candidate for supervisor.
Here is why we support Mr. Russ
as our candidate:

- ★ * Charles A. Russ, III has the educational experience that will make us a supervisor that can make capable decisions.
- ★ * Charles A. Russ, III has had a successful business experience. He knows the importance of getting full value from each dollar. This is something we need in our tax dollar. He has sufficient personal income so that he will not be dependent upon a county job for his personal living.
- ★ * Charles A. Russ, III has been active in many kinds of civic and community projects THROUGH THE YEARS (not just this year). He has, in his quiet way accomplished many achievements that he has taken no credit for. He has worked unselfishly and did not quit in spite of harrassment and opposition. You can depend on him.
- ★ * We appreciate THE CLEAN CAMPAIGN Charles A. Russ, III has conducted in seeking the office of Board of Supervisors to represent Beat 1.
- ★ * We know Charles A. Russ, III is strictly independent of other candidates.
- ★ * We know Charles A. Russ, III will work for the good of all Hancock County, not going off on wild tangents, but always keeping the interest of all the people. We have watched all the candidates for Beat 1, Supervisor through the years. OUR CHOICE IS CHARLES A. RUSS, III FOR Supervisor, Beat 1.

Delete 2,900 feet of port access road

The Hancock County Port and Harbor Commission on Thursday ratified a \$197,868.02 contract with L.S. Socholl of Baton Rouge, La., as approved by the board of supervisors.

The ratification included approval of change order No. 1, deletion of grade work on the final 2,900 feet of road. The road area will be cleared and grubbed but construction delayed until a definite need arises.

The consulting engineer, Michael Baker, Jr., Inc., Jackson, was instructed to delay giving notice to proceed until it could be granted on an unqualified basis.

International Paper Co. has stated relatively few days are now required to finish cutting all the timber requirements. Socholl will be given clear road after that with the contract to run for 150 days.

Financing of the project was made possible by a transfer of \$100,000, allocated pursuant to the port operating fund, to the construction fund and by the board of supervisors making a further \$100,000 available. With a balance of \$9,000 in the construction fund, for a total of \$209,000 now in the bank for the road, commissioners have a margin of \$7,131.98 for contingencies.

Jack Williams of the Baker firm, in supervising industrial site clearing and grubbing, said project clearing operations are about 64 per cent complete and clearing and grubbing about 34 per cent for an overall completion average of 56.5 per cent.

Christ school sets calendar for year

There is something in the line of holidays to interrupt students at Christ Episcopal Day School each month during the 1967-68 school year. Starting classes Sept. 5, students will participate in a field day Oct. 28 and take the day off for All Saints Nov. 1.

Thanksgiving will be celebrated with a two-day holiday, Nov. 23 and 24, and, less than a month later, the school will close for Christmas and New Year, from Dec. 22 to 8:30 a.m. Jan. 2. Mardi Gras comes in February and the 27th and 28th days of that month will find pupils free to witness the activities of Rex (or Chicapula). The teachers' convention opens March from being a loss to freedom and with that falling March 14-15. Classes will resume 8:30 a.m. Tuesday, April 10, after closing down on April 12 for Easter.

The Spring Festival in April 27 and in May, except for the thought of final examinations, spirits will run high. Last day for pre-school classes to May 24; final day for elementary and junior high students to May 30.

Honor awards will be made at the ninth grade graduation fiesta, 8 p.m. May 31.

Dates for the Christmas pageant, visit of the New Orleans Philharmonic Symphony Concert and Science Fair have not yet been set.

Parent-Teacher Association sessions will be at 8 p.m. the third Monday of every month with no meeting in December.

The first event of the year will be missed by all students. It is a teacher orientation day affair Aug. 31.

THINK CAREFULLY!

By this time everyone has had an opportunity to THINK carefully about the qualifications of the many candidates; to weigh their dependability, integrity and experience. You have had time to judge for yourself if the promises they have made and the things they said they could do are reasonable and sound.

SELECT WISELY!

Now the time has come to make your selection. Before you vote Tuesday keep one thing uppermost in your mind. If you had to hire someone to manage your business for you, you would be very careful who you selected. Be just as careful and wise in your selection of the men who are to manage your County affairs, for everything they do directly affects YOU.

12 per cent hike

Hancock gains in market strength

Special to the Echo
NEW YORK - Hancock County proved to be a strong market during the past year, according to a national study of business activity, just released.

Significant gains were recorded as local residents, enjoying better incomes and a high rate of employment, spent a record amount for goods and services.

The facts and figures on this local market, as well as comparable data for other parts of the country, have just been released by Sales Management in its copyrighted Survey of Buying Power.

Hancock County's market strength reflected the increase in the amount of spendable money that was available to most local residents.

Their net, disposable income in the year, after payment of personal taxes, amounted to \$29,427,000, topping the previous year's \$24,663,000.

Just what this was equivalent to, in terms of the individual family, was found by dividing the income figure by the number of local households. The average, per household, came to \$6,006. The year before, it was \$5,362.

The rise, 12 per cent, was better than the rise in the United States as a whole, 6.8 per cent. It was 9.1 per cent in the East South Central States.

Despite the fact that a solid dose of inflation cut into their purchasing power, they still had a greater amount than usual

left for discretionary spending.

And they spent it freely, producing a banner year for local retail merchants. The sales total for the year reached a high of \$20,574,000, as against the prior year's \$19,314,000.

For most people throughout the country, there were plus factors and minus factors during the year. On the one hand, there were more jobs, higher wages and a fair amount of overtime, all of which added up to better earnings.

On the other hand, there were larger social security deductions from their pay envelopes, expanded federal income tax withholdings, increased state and local levies and more inflation.

All in all, however, they ended up ahead of the game, with more spending money at their command than they had in 1965.

As a result, expenditures for goods and services went up 7 per cent. And, for the first time in history, the nation's retail stores took in more than \$300 billion.

PETTY OFFICERS NEEDED

Experienced petty officers are required by the U.S. Coast Guard and personnel with prior service in the armed forces interested in returning to military service should contact their nearest Coast Guard recruiting office.

Willis L. Johnson

Funeral service for Willis Lloyd Johnson, 79, who died at 6:20 a.m. July 31 in Hancock General Hospital, where he had been a patient for the past week, was from Roman Catholic Home Chapel Wednesday afternoon with Rev. Fred Smith, Wiggins, and Rev. M.R. Whitley, Saucier Baptist Church, officiating. Interment was in Saucier Cemetery.

A native of Alabama, Mr. Johnson had resided in Mississippi for 75 years, and lived in Saucier for about 46 years. He was a farmer and a member of the Woodmen of the World.

Survivors include five sons, four daughters, 13 grandchildren and five great-grandchildren.
